

## Technical Datasheet - Stickers

### Matt White Recycled

Paper: Matt white, woodfree paper made from 100% Post Consumer Waste (PCW), bleached without chlorine

Weight: 80gsm

Adhesive: General purpose permanent, acrylic based adhesive

Minimum application temperature: 0°C

Temperature range: -20°C to +80°C

Backing: A one side coated, bleached kraft paper

Weight: 80gsm

Conforms to the EN71-3 (Toy Safety) Regulations

No heavy metals are used in the manufacturing process

No animal derived materials used in the manufacture or the formulation of the product

No genetically modified organism (GMO) derived materials used in the manufacture or the formulation of the product

No substances or chemicals known to cause cancer or reproductive toxicity used in the manufacture or the formulation of the product

### Brown Kraft Recycled

Paper: Brown kraft paper made from 100% Post Consumer Waste (PCW)

Weight: 85gsm

Adhesive: High tack permanent acrylic emulsion adhesive

Minimum application temperature: 0°C

Temperature range: -50°C to +90°C

Backing: White high density kraft paper with excellent lay flat properties
